CUSTOM CALLING FEATURES

DRN

HOME INTERCOM
Allows you to call between buildings, such as house to barn, garage, or shop.

To Activate: Dial your own telephone number. You will receive a busy signal. Hang up the phone. Your telephone will ring. When the phone stops ringing, indicating that another person has answered the call, pick up the receiver.

SAFETY LINE
Allows you to call another telephone number simply by lifting the receiver.

When you order Safety Line, tell the DRN representative what telephone number you wish to call without having to dial. You have 16 seconds after the receiver is lifted to dial a number, if no number is dialed, the number you indicated will be dialed.

SELECTIVE DISTINCTIVE RINGING
Your phone rings with a special pattern when you are called by selected phone numbers.

To Activate; Dial *61 or *81 and follow the recorded instructions. You must have a touch tone phone with this feature.

SELECTIVE CALL ACCEPTANCE
Allows you to define a list of up to 15 calling numbers that will be accepted. All other incoming calls will be rejected and will receive an announcement that the called party is not presently accepting calls.

To Activate; Dial *64 and follow the recorded instructions. You must have a touch tone phone with this feature.

DRN

SELECTIVE CALL REJECTION

Allows you to define a list of up to 15 calling numbers that will be blocked. An incoming call from one of those 15 numbers is rerouted to a recorded message and your phone does not ring.

To Activate; Dial *60 and follow the recorded instructions.

SIM RING

Allows you to have multiple destinations ring simultaneously when any calls are received on your phone number.

SPEED DIAL 8 OR 30

You have the choice of selecting either 8 speed dial numbers or 30 speed dial numbers.

To Activate 8; Dial: *74
To Activate 30; Dial: *75

Listen for a steady beeping sound. Dial one of the speed dial codes (2-9 for Speed 8 and 20-49 for Speed 30). Then dial the phone number you wish to enter under that speed dial number.

ROBO CALL BLOCKING

Allows you to block automated dialers associated with robo calls on your phone number.

DRN

THREE-WAY CALLING

Lets you talk to two people in different locations at the same time. Calls can be local, long distance, or both. To add a third person to your call first, depress the switch-hook or flash button for about one second, and then release. This will place the person you're talking with on hold. Listen for a dial tone. Then, dial the third person you want to join the conversation. When the third person answers, you can talk privately with this person before making the call a three-way conversation. To make the call a three-way conversation, depress the switch-hook or flash button twice to resume your conversation with the person on hold.

To disconnect the third person, press the switch-hook or flash button for about one second. You'll now have only the original party on the line. Or, if either of the other two people hangs up, you can continue talking with the remaining party.

To disconnect completely, simply hang up.

WAKEUP CALL SERVICE

Allows you to set phone as an alarm clock.

To Activate; Dial: *310; Dial *90, listen for second dial tone and enter the time you want your phone to ring in military time. Wait for confirmation tone.

To Deactivate; Dial: *311 to disable all wake up calls scheduled.

To Deactivate; Dial *312 to disable 1 wake up call. Dial *91. Wait for confirmation tone.
