Amazon Fire
- Stick 4K Max

Apple TV
- 4K Gen 3

Roku
- Ultra

DRN ReadiTech
- Stream STB

DRN ReadiTech cannot guarantee the quality of StreamTV on devices due to manufacturer updates and changes.

In addition, televisions with Fire TV and Roku built-in have not been tested for this service, due to far too many makers and models. Some models of these TVs have been known to work, but tend to perform slower than an external device.
